Chapel Hill UNC, Christine E. Cotton, Elizabeth Ely Tolman, Julia Cardona Mack : A Su Salud!: Spanish for Health Professionals, Classroom Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised A Su Salud!: Spanish for Health Professionals, Classroom Edition:

2 of 2 people found the following review helpful. NOT FOR SPANISH SPEAKERSBy Melanie BonillaRented the book for a Medical Spanish class. The book consists of very basic terminology and doesn't adress medical terms that you would use in a hospital setting. I felt I wasted my money on the book since everything was extremely basic as a Spanish speaker. This is definitely for someone who is new to the language.0 of 0 people found the following review helpful. A Su Salud!: Spanish for Health Professionals, Classroom Edition is an intermediate-level Spanish language program

designed for students and practicing healthcare professionals. Learners work with vocabulary and grammar within the context of a telenovela called *La comunidad*, which features authentic Spanish spoken by native speakers in a variety of accents. This revised edition of the original multimedia package is ideal for classroom use. It includes a text and DVD with dozens of dramatic video clips related to exercises in the book. Major features of the revised program include:

- * A DVD which includes the 96-minute telenovela drama *La comunidad*, as well as dozens of additional clips that help students practice their language skills and learn more about the culture of their Hispanic patients
- * New readings from external sources on medical topics that spark student discussion
- * Dozens of exercises from the original interactive DVD-ROM program have been incorporated into the textbook
- * A Recursos Web site with links to important language, culture, and health-related sites.
