Malcolm Dancy : A Virgin Discovers Long Distance Cycling: London Edinburgh London 2013 before purchasing it in order to gage whether or not it would be worth my time, and all praised A Virgin Discovers Long Distance Cycling: London Edinburgh London 2013:

For reasons still not altogether clear, even to himself, Malcolm Dancy, an outwardly normal middle-aged man, chose to enter a London-Edinburgh-London 2013, a cycling event over 1417 kilometres to be completed in five days. This is the story of that ride.

About the Author Malcolm Dancy has at one time been a research scientist, a bar manager, a waiter, a labourer, and a teacher. He is currently working on a novel. He also rides bicycles.
