Paulo Thiago de Mello, Reto Guntli : At Home in Rio before purchasing it in order to gauge whether or not it would be worth my time, and all praised At Home in Rio:

0 of 0 people found the following review helpful. Brazilian architectural delight By Jancal When a friend recently told me he always wanted to be an architect, and one of his favorite vacation destinations is Brazil, I immediately thought of this beautiful book, and ordered another copy for his Christmas gift. This lovely book features many private homes that are building design delights, from Rio's colonial days to its ultra modern Oscar Niemeyer (photos) influence. Full color photos of residents homes, their art, furniture, tropical backyards, intricate tile work etc., its all part of what makes Rio de Janeiro a magical place. 0 of 0 people found the following review helpful. A little disappointed with this book By Jacqui I was really disappointed with the cover, it says hard cover but actually, that beautiful picture that you see, is not the real cover and it can be ripped very easily by small children. However, the book has a hard cover, which is very simple. The content inside of the book is interesting, but I don't think it shows enough of the beauty of the city. 0 of 0 people found the following review helpful. Four Stars By Rhonda Recipient liked it

Both a travelogue and a look inside 20 spectacular local homes, At Home in Rio is a stylish overview of the city's history, beaches, nightlife, parties, and sensuous Carioca lifestyle. Vibrant photographs capture Rio's samba beat, from the legendary Copacabana to a white-walled mountain aerie designed by Oscar Niemeyer to Carnavales raucous parades, while knowledgeable text gives an overview of the city's dynamic art, architecture, and sense of color. A 16-page supplement provides an insiders list of key local stores, restaurants, bars, and other useful information.

About the AuthorReto Guntli is a Zurich-based photographer who regularly travels the world taking photos for international magazines.Paulo Thiago de Mello is a journalist who writes for O Globo, Brazils leading daily newspaper. His text has been translated by Edward Shaw, an American author living in Rio.
