**Parragon Books : Atlas del Mundo (Family Reference) (Spanish Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Atlas del Mundo (Family Reference) (Spanish Edition):

There's layers of information here that will last her for several years- bright and interesting images with caption for now (7yrs), and maps and more complex text as she becomes more advanced. Addresses culture, global issues, and geography, and seems to hit all the areas of the world fairly. Great price and good enough condition to be a gift.0 of 0 people found the following review helpful. Five StarsBy ChambukifamBien completo.
