Not Available : Atlas of American History before purchasing it in order to gage whether or not it would be worth my time, and all praised Atlas of American History:

1 of 1 people found the following review helpful. but I think it has great value for eager minds of any ageBy Ben OlinskyA picture really is worth a thousand words. Despite being a history major in college, I still found it challenging to genuinely absorb the content coming off the written page (the many thousands my eyes covered). Here you have a fascinating collection of maps and charts on all the major topics in American history. It's oriented towards teenagers, or so I'd estimate, but I think it has great value for eager minds of any age.1 of 1 people found the following review helpful. Good StuffBy BuckhunterVery nice, bought it for homeschool but my husband likes to pick it up and look at it too.0 of 0 people found the following review helpful. Five StarsBy Diane AshbyThe atlas was just I needed for my class, and was shipped in a speedy manner.

The Atlas of American History is great tool for any young scholar. With over 80 colorful maps that illustrate key

events and eras this atlas covers periods from the first Americans through life in the United States today. This fun enlightening book also includes chronologies, graphs, charts, and photos. Tables of facts about states 80 pages including detailed index, paperback, 8" x 10" Organized by important periods of American history 2005 copyright updated to include recent U.S. events
