

is a thin book with very good maps. I have been able to learn much ...By Marie M. Don't be fooled by the picture. The image you see here is not on the book I received. This is a thin book with very good maps. I have been able to learn much from the maps as I read through Scripture. I am happy to have this book in my collection. Enjoy!!! 0 of 0 people found the following review helpful. Great Bible Atlas Study tool By AU Tiger dad2x This is a great book with lots of helpful maps. Some people like to hold it in their hands and others like to see it on a computer screen. I like to hold the book in my hands. This is very helpful in my study to teach ladies Bible classes and children's classes. I highly recommend this book.

This informative, best-selling atlas features diagrams, maps, and charts that provide readers with a thorough understanding of the Biblical past and present. It features a section on the geography of the Holy Land showing terrain, vegetation, and climate information. The chronologically arranged maps show important political changes, the course of empires, and the expansion of the early Christian church. There are also many color and black and white photographs of Biblical places, artifacts, and archaeological sites.

About the Author Harry Thomas Frank is a contributor for Hammond titles including: 'Hammond Atlas of the Bible Lands' Since 2000. Hammond, American Map, Langenscheidt Dictionaries, Insight Travel Guides, Delorme the famous names in the Langenscheidt family.
