**From Brand: Macmillan : Atlas of the Christian Church** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Atlas of the Christian Church:

0 of 2 people found the following review helpful. must reading for everyone interested in their history By me It is a very good book with just enough details to make it interesting but it does not go too far

This visual survey examines the traditions, values, cultures, and developments that have made Christianity what it is today.

From Library Journal This is more than simply an atlas. It is an illustrated history of the Christian Church from its beginning to the present day. The text, produced by a team of British and American scholars, treats the story in three broad divisions: early Christianity, the medieval church, and the Reformation/Post-Reformation era. Supplementary material on Christian traditions, missionary expansion, and the interplay between Christian and secular ideologies is also given. The presentation is straightforward and objective; 42 original maps and 302 illustrations (239 in color) complement the text. This is a wealth of information in concise form. Craig W. Beard, Harding Univ. Lib., Searcy, Ark. Copyright 1987 Reed Business Information, Inc.
