Hammond World Atlas Corporation : Atlas of the Middle East and Northern Africa before purchasing it in order to gage whether or not it would be worth my time, and all praised Atlas of the Middle East and Northern Africa:

0 of 0 people found the following review helpful. I am very happy with this purchaseBy AnnI have this constantly at hand when I am reading about this area of the world. . I am very happy with this purchase! .0 of 0 people found the following review helpful. Naw.By Jimmy PorterI purchased this book together with the Middle East Atlas and would not have otherwise bought it. It has some facts, but more could be found just on the internet. It was okay, but I would not have bought it except it was attached to another book.2 of 3 people found the following review helpful. Hammond Middle East AtlasBy D. R. SeitzThis is an adequate reference, but it is difficult to distinguish between the markings for international and internal boundaries.

The Hammond Atlas of the Middle East provides a clear perspective and basis for understanding this vitally important area of the world. It's the ideal tool to learn about the Middle East and follow events as they unfold daily. Inside this atlas, you will find: # Political and physical maps of the region (including Afghanistan, Pakistan and North Africa) # An up-to-the-minute World Political Map with a complete list of United Nations members # Comprehensive economic maps of the area depicting agriculture, industry, and resources # Thematic maps highlighting petroleum and natural gas, population, languages, religion and climate # Informative historical maps # Detailed up-to-date chronology of the Middle East from 1900 through the aftermath of the September 11, 2001 terrorist attacks on the U.S. # A handy locator index. Today, more than ever, we need to understand the complex geographic, historical, cultural and economic foundations of the 23 countries that comprise the Greater Middle East. The Hammond Atlas of the Middle East provides the ideal tool for exploring this important region.

About the Author Since 2000, Hammond, American Map, Langenscheidt Dictionaries, Insight travel Guides, Delorme - the famous names in the Langenscheidt family. These represent the most authoritative, up-to-date, and extensive travel and reference products available. In January 2003, the renowned Berlitz Publishing became part of the Langenscheidt Group.
