John L Allen : Atlas of World Politics before purchasing it in order to gage whether or not it would be worth my time, and all praised Atlas of World Politics:

0 of 0 people found the following review helpful. This saved me tons of moneyBy Keisten CollinsThis version of the book was a lot cheaper than any other edition I found. I needed it for my anthropology class and this was cheaper then renting it anywhere. It is used but it is an atlas it doesn't need to be in mint condition and you don't need to buy a top dollar one this will suffice for the majority of your needs for a world atlas so get you a nice one save yourself some money and go with this.0 of 0 people found the following review helpful. Great for New StudentsBy CustomerExcellent atlas for the beginning to intermediate student. Thin, compact, and easy to read.9 of 14 people found the following review helpful. Gets the Job DoneBy A CustomerA basic atlas that focuses on politics. A lot more should have been included- espically better maps.

Atlas of World Politics is a low-cost, four-color atlas that allows readers to connect geography with world politics and current events. Reflecting political, economic, demographic, and environmental changes, its 62 maps include 15 new thematic maps discussing population density, nations with nuclear weapons, and more. A geographic index contains approximately 1,500 names and geographical coordinates of countries, cities, oceans, bays, and other geographic features.
