**From Oxford University Press : Atlas of World War I** before purchasing it in order to gage whether or not it would be worth my time, and all praised Atlas of World War I:

0 of 0 people found the following review helpful. Well of course the "plot" of an atlas of battlefield ...By CustomerWell of course the "plot" of an atlas of battlefield maps is going to be predictable.This is an invaluable aid to understanding the campaigns and battles of World War I.0 of 0 people found the following review helpful. A good reference workBy SylviaWas purchased for my son who enjoys military history. He said it was a good reference.0 of 0 people found the following review helpful. Four StarsBy Roy PierceJust beginning to peruse.More later!

"Every map, with its accompanying notes, is almost a chapter of history in itself....General readers as well as history students will value the atlas for its meticulously detailed information."-- Times Educational Supplement This outstanding historical atlas from Martin Gilbert offers a definitive visual history of World War I. In 164 finely detailed, easy-to-read maps, it covers the origins of the war, the quarrels of the great European powers and the mobilization of 1914, plus the major battles and all the individual campaigns--including the war at sea and in the air--putting them in the wider context of strategy. Beyond its thorough and precise military coverage, the atlas also explores the diplomatic, economic, and social aspects of the conflict, and many of the maps--such as a map of German food riots in 1916, a state-by-state map of opposition to the war in the United States in April, 1917, or a map analyzing India's manpower contribution to war--have put together normally scattered and diverse information with exceptional clarity. A final section of maps explores the political, economic, and human aftermath of the war. This fully revised

Second Edition of The Atlas of World War I features new maps, including maps that detail the creation of Yugoslavia, and the Leipzig War Crimes Trials, and a map analyzing the manpower contribution of American soldiers, state-by-state.

About the AuthorAbout the Author: Martin Gilbert is the official biographer of Winston Churchill and a Fellow of Merton College, Oxford. His other atlases include The Atlas of British History, The Atlas of Russian History, and The Atlas of the Arab-Israeli Conflict.
