0 of 0 people found the following review helpful. Great Information!!!By SaraThis book was very helpful for me. I am leaving the US to become an au pair in Australia and I felt much more comfortable with my decision after I read this book. It is a great resource for anyone that wants to know more about being an au pair or for current au pairs.

What does it mean to be an au pair? How do you prepare? What countries offer an au pair program? How do you find the right host family? What are the possible pitfalls? The practical Au Pair Guide provides you with answers to all of these questions. It contains important information and addresses, numerous tips for your daily au pair duties and instructions for caring for children. It also includes notes on child development, ideas for childrens games, first aid tips, country information, a to-do list for applying as an au pair, advice on solving possible complications and an au pair dictionary. The Au Pair Guide is a trusty companion for your au pair experience from the pre-application phase to your last day abroad.
