From Jingo Wobbly Euro Guides : Avignon Soleil: All Year Climbing Around Mont Ventoux - Southern France (English and French Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Avignon Soleil: All Year Climbing Around Mont Ventoux - Southern France (English and French Edition):

This is a dual language (English and French) rock climbing guide to the Mont Ventoux area in the Avignon region of Southern France. The South of France with its excellent record of fine weather and superb quality limestone cliffs, has always been one of the most popular climbing destinations in Europe. This is a highly modern and up-to-date topo guidebook, with over 1000 routes from beginners 3a's up to an 8c's, and will suit anyone going on holiday, and at any time of the year. With over 200 colour photos and 100 colour topos that evocatively illustrate both the climbing and the region, this book will be the ideal holiday companion for anyone that seeks sunshine and climbing.
