**Beth Kery : Because You are Mine Complete Novel** before purchasing it in order to gage whether or not it would be worth my time, and all praised Because You are Mine Complete Novel:

2 of 2 people found the following review helpful. Whips, Paddles, and Toys, ooh my!By Romance Bound  
ReviewsBook DescriptionFrancesca Arno didnt know what hit her when she captured the attention of wealthy British businessman, Ian Noble. Once he has commissioned her to create a painting for his new building, she is stuck in close quarters with him as the view she paints can only be seen from his luxurious penthouse. Although she knows the

enigmatic man could really break her innocent heart, she cant stop herself from exploring her sexually submissive side even as she struggles over the term. Ian is a dominate in and out of the bedroom with his eyes set on the very innocent and sweet Francesca. That first spark She turned. Nobles gaze was directly on her. A hot, heavy sensation expanded in her belly. She didnt have time to draw breath before he was stalking across the room toward her

Review Because You Are Mine was a fantastic read! Beth Kery delivers a sizzling hot erotic romance featuring two completely opposite people, innocent virgin Francesca and sexually dominant and BDSM god Ian. Suffice it to say the sex scenes went beyond steamy and straight to raging fire (Im still tingling with aftershocks!). These scenes are so detailed they could be considered instructional manuals with some kinky tips and tricks with whips, paddles, and toys galore. Hot, hot, H-O-T! Unlike the virginal Anastasia Steele of Fifty Shades of Grey, which many people reference in their review of Kerys book, Francesca is open to learning about the world of BDSM and is ready to please Ian as long as it gives her pleasure in the process. She takes the whole sexual world in stride unlike the forever timid Anastasia. I liked the dom/sub relationship much more with Ian and Francesca because it wasnt explicitly defined and overly discussed with absurd sex contracts like in Fifty Shades of Grey. Because You Are Mine shows two adults having a mutually fulfilling sexual relationship that doesnt involve a lot of planning and hashing out of details, it just is. And if you were into the whole red room of pain, then you will love the sexy room that Ian has at his penthouse {commence drooling}. As this was my first time reading a book by Kery, I was really happy to discover that her writing is spot-on in terms of view points. Throughout the novel, Kery goes in between Francescas and Ians narration. If we didnt have Ians thoughts, then he wouldnt have been such a likable character. He comes off as a cold jerk a lot of the time from Francescas observations of his body language and tone of voice. Getting a glimpse into his mind from his point of view makes each scene so much more poignant. Even though alpha, dom, billionaires with dark sexual/abusive pasts are the hottest male characters these days in erotic fiction, Ian Noble is a breath of fresh air. Unlike Christian Grey in Fifty Shade of Grey and Gideon Cross from Sylvia Days Crossfire series, Ian Noble has not been physically or sexually abused. His darkness comes from having to take care of his mentally ill mother without a support system, thus leading him to want to have complete control over everything. Its nice to see an author find a new twist on an overplayed theme. From a private jet to the backseat of a luxury car, these two cannot keep their hands off each other. And boy was it fun to watch them find ways to make each other crazy. Because You Are Mine is definitely on my re-read list and is a READ IT NOW book!

By chibilee02 Even though Because You Are Mine is the first book in Beth Kerys series, I was first introduced to her by reading Since I Saw You (which I loved very much). Now although I thought Since I Saw You was better I still enjoyed Because You Are Mine. This book was a sexy and entertaining read that doesnt hesitate in indulging in erotic fantasies. As I was reading, I couldnt help but see shades of 50 Shades of Grey (no pun intended). Regardless of the similarities (i.e, handsome emotionally troubled sexually dominant millionaire partaking in an affair with a young innocent female) the difference in quality makes this book better. This book was better written with a more compelling couple. Ian is a good example of the dark and brooding handsome dominant male. He really exuded that dominance profoundly where you arent in doubt of it. Yet as strong as he was he also carried a vulnerable air about him. As you get to know him you come to understand where his need for control comes from. He becomes a very sympathetic character beyond just the sexual dominant that he is. I appreciate that his dominant personality stems from something substantial in his history instead of some sexual awakening realized through unconventional means. As for Francesca, even though she was innocent she wasnt a simpering meek female. She had a stubborn streak to Ians and a quiet strength that asserts itself during the most surprising times. While she isnt as sexually experienced, it was captivating how she eagerly she gives herself over to Ian and to his lessons. It not just adds to the chemistry they have but heightens the sex they have together. Because You Are Mine is an indulgent that you partake in when you are in the mood for something erotically decadent. It doesnt hide from what it is which helps make it such an enjoyable read. Personally, I thought Since I Saw You better but it doesnt mean that this book was any less. The story was well written with charismatic characters that have substance beyond their roles. Ian and Francesca make a very compelling couple with sizzling chemistry. The book just solidified Kery as one of my go-to authors for entertaining erotic romances.

By CDBall In typical Beth Kery style she has written another outstanding love story. I have become a devotee of Ms. Kery's stories. If you enjoy Erotica and an awesome storyline - then look no further than Beth Kery's stunning work!!!

FOR USE IN SCHOOLS AND LIBRARIES ONLY. As Francesca and Ian's relationship grows more intense, Francesca discovers something about Ian and herself that forever changes the game and the players. Original.
