Great for travelBy Dennis MittonThe Berlitz Phrasebooks are probably the best in their class and this one for Russian

doesn't disappoint. There's a small dictionary and the book is very neatly divided in to chapters relevant for travel. The book is small and very concise so there's no fluff here. I would recommend a book on culture prior to traveling to Russia but for lugging around this one's the best.

Completely redesigned for greater ease of use, this new Russian phrase book opens with an essentials section, offering the most basic vocabulary for each unit and serving as a quick point of reference. Includes over 1,200 phrases and over 2,300 words. Maps index.
