**Berlitz Publishing : Berlitz Spanish Phrase Book CD** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Berlitz Spanish Phrase Book CD:

This phrase book and accompanying CD is one of the purchases that I used to prepare for the trip. I bought Madrigal's "Magic Key to Spanish" for grammar, Pimsleur CDs for general conversation, and this Berlitz treatment for phases specific to travel and tourism. I am happy with the contribution this book made to my preparation for the trip. I listened to the CD in my car and then checked out the phases in the book at home. 0 of 0 people found the following review helpful. Get the Latin American Spanish version for Americas. Spanish for Spain and elsewhere By Customer The CD helped with my accent, and the book was a big help on the go. Muy bien! 0 of 0 people found the following review helpful. CD a plus. By Ms. Marilyn Parker Like the fact that a CD accompanies the phrase book; I've been listening to it in the car. The phrase book seems well organized. It's better for me, having some rudimentary knowledge of Spanish. It's hardw for my husband to follow.

A fresh, crisp new design re-launches this perennial bestseller. More user-friendly thanks to improved color-coding,

new categories and updated CD, this is the phrase book created by the people for the people.
