I think apps and websites would be better. 0 of 0 people found the following review helpful. its too difficult for first time travelers to thailand By Customer you really have to

know the sounds of the language and have some kind of understanding. this book really should come with an audio CD or at least a phonetic listing of Thai words that are used often. i felt like i was reading a foreign language school book (not for beginners. also would be nice if there was a touch of thai culture/customs in there as well. overall i will use my smartphone to translate.0 of 0 people found the following review helpful. Great for a Trip to ThailandBy FlightmedicineEasy to read. The phrases really help on our trip there this summer. If you can't speak the language this will help. Know I didn't pronounce most of the words right; but the people are so friendly and they helped.

A fresh, crisp new design re-launches this perennial bestseller. More user-friendly thanks to improved color-coding and new categories and with user-generated content, this is the phrase book created by the people for the people.
