Great Read Even If You Can't Ride A Bike By Devin Quinlan I was initially hesitant to read a book about riding bicycles when I myself lack the physical capability to ride one. However, I must say, the author's descriptions of what you will encounter while riding your bicycle around Boston were just as good as the real thing! This would make a great gift for anyone you know who likes riding bicycles or imagining riding bicycles in the Boston Area! 9 of 13 people found the following review helpful. IS WHITE KNUCKLE THRILL RIDE HYPHENATED!?!?!? By Customer Okay, so I'm a HUGE Premium Rush fan, and when I heard there was a new bike book coming out, I KNEW I had to read it! DOES NOT DISAPPOINT. This takes you through every twist and turn imaginable! I was on the edge of my seat the entire time, which is extremely painful (In a good way!) because I've replaced every chair in my condo with bike seats! It's a five-star book regardless, but I still think the plot could have used a little more bicycle-vigilante-fighting-a-sudoku-based-villain to it still an instant classic regardless! PUT THIS ONE ON THE LIST, OPRAH, YOU BIG, BEAUTIFUL READING RAINBOW!
