0 of 0 people found the following review helpful. not to big, not to smallBy Rose RecchiaI got this as a gift for my friend who rides her bike all over. She really liked it, becuae it was informative and it is on the smaller size. So she can actually take it with her in her pack when she goes riding.1 of 1 people found the following review helpful. DatedBy WBInformation is somewhat dated. The style of the book is a bit old fashion with maps the lack detail. Only 3 trails in IL listed. Good turn-by-turn directions (written)."Rail-Trails Midwest Great Lakes" is a good update, good maps 113 trails 23 in IL.4 of 10 people found the following review helpful. Very informativeBy Vera VerveI had read

this book. I was very impressed with the amount of the information packed into this fine paper back. I think Phil Van Valkenberg had done a superb job! Love the cover photo!
