Gene Bisbee : Best Bike Rides Seattle: Great Recreational Rides in the Metro Area (Best Bike Rides Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Best Bike Rides Seattle: Great Recreational Rides in the Metro Area (Best Bike Rides Series):

This is a really great book with lots of cool ideas for exploring the city. The book breaks out rides based on the kind of bike that you have, which I really like a lot. The only downside is that the directions can be a little confusing if you're on a bike and trying to follow along. In particular, the ride like the one around Lake Union has a lot of turns because it's in an urban area and bounces back and forth between trails and roads. I ended up purchasing a GPS unit to put in the coordinates (provided by the book) to be able to follow along. 0 of 0 people found the following review helpful. Love the mobility option! By D. Wright Great as a Kindle app that can be downloaded to your phone and used as a reference on the route. Has turn by turn directions and a nice collection of options, if you are on a "biking date". 1 of 1 people found the following review helpful. Five Stars By Teresa Richards A nice variety of rides with good detail, information, and pictures.

Best Bike Rides Seattle describes 41 of the greatest recreational rides in Seattle. Road rides, rail trails, bike paths, and single-track mountain bike rides all get included. Most rides are in the 5 to 30 mile range, allowing for great afternoon outings and family adventures.

About the Author Gene Bisbee is an avid bicyclist who has ridden thousands of miles since he settled in Washington 14 years ago. His Biking Bis blog is followed by cyclists who are interested in recreational bicycling and charity rides throughout the Pacific Coast states. A newspaper reporter and editor for 25 years, he has written bike touring articles for Adventure Cyclist and Recreation News magazines. Making his first overnight bike tour in Ohio as a teenager, years later he and a friend fulfilled a life-long dream of traveling on their bicycles across the United States. He currently lives in Bellevue, Washington, where he writes his blog.
