Stewart M. Green : Best Climbs Rocky Mountain National Park: Over 100 Of The Best Routes On Crag And Peaks (Best Climbs Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Best Climbs Rocky Mountain National Park: Over 100 Of The Best Routes On Crag And Peaks (Best Climbs Series):

1 of 1 people found the following review helpful. Great overview of "Jurassic Park" near Lily Lake By Javier I was looking for books that would help me narrow down the climbing areas to visit during my short trip to Boulder, Colorado and "Best Climbs Rocky Mountain National Park.." satisfied this requirement remarkably well. I can only speak to the part of the book that covers "Jurassic Park" near Lily Lake. The beta in the book as far as finding the base of the climbs in this area, the number of bolts, type of anchor, recommended gear, and the difficulty ratings was spot on. The guidebook is complete with letting you know what time of year is best and how best to prepare for the unpredictable climate of the Rockies. An added bonus is that it contains color photos of the climbs which make route finding very easy. As far as guidebooks go, this is among the better ones.

A new type of climbing guide to a cherished national park with stunning action photos Best Climbs Rocky Mountain National Park showcases the classic routes and best climbs in Americas largest national park. Ideal for both local and nonlocal climbers who want to hit as many select climbs as possible in a weekend or a short visit, it provides visually appealing, to-the-point information. Longtime Colorado climber Stewart Green filters out more than 150 first-rate routes from moderate beginner routes to challenging expert climbs. Each section covers a different climbing area and route history, and also includes entertaining sidebars on local climbing history and trivia. All routes are shown clearly on detailed color photo topos, alongside stunning action photos and a contemporary, exciting design. *This is the third volume in Falcon Guides Best Climbs series, which made its debut in 2009 and represents a new type of guidebook to Americas most popular climbing destinations.

From the Back Cover Ideal for both local and visiting climbers who want to hit as many select climbs as possible in a weekend or a short visit, Best Climbs Rocky Mountain National Park provides accurate, to-the-point route descriptions complemented by color maps and detailed topos. Longtime Colorado climber Stewart Green filters out more than 100 first-rate routes, from the popular Keyhole Route on Longs Peak to Jurassic Park, a jumble of granite fins perched high on a mountainside. Also included are entertaining sidebars on local climbing history and trivia.
