Paul Lees : Dive Thailand: Complete Guide to Diving and Snorkelling (Dive Thailand: Complete Guide to Diving Snorkeling) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Dive Thailand: Complete Guide to Diving and Snorkelling (Dive Thailand: Complete Guide to Diving Snorkeling):

and the photography section is a joke (film cameras and nicad flashes? in 2009?). This book has been "republished" several times, it was first written over 25 years ago; the content has seemingly not been refreshed. I've not read the whole book yet, so I might come back here later I have finished it. 0 of 0 people found the following review helpful.
