Nice book....SMALL PRINT ! !By Avery GaleNice book, with valuable information....but the print is so small it's very difficult to read.0 of 0 people found the following review helpful. Good bookBy Ronafish79I got to book from the library, my rotten puppy chewed it up, so I had to replace it or pay library cost. Book is great I am reading through it for information on my up coming Alaska trip. Tons of great pictures and details.1 of 1 people found the following review helpful. Less than I expectedBy Judy S.Not as impressive as other Eyewitness Guides I've purchased previously. Very very small photos. I generally buy these guides for their colorful photos. As with the other guide I purchased recently, it was damaged in shipping - corners stoved in.
