Rogers : Domestic Life In Palestine (KPI paperbacks) before purchasing it in order to gage whether or not it would be worth my time, and all praised Domestic Life In Palestine (KPI paperbacks):

2 of 2 people found the following review helpful. Flowers, colour and loveBy Richard HardimanA wonderful wonderful book.Although the book was written some 150 year ago, Mary Eliza Rogers takes you into the intimacies of daily life in Palestine in the 1850's as if it was occurring today. She writes from her heart with honesty,integrity and a clear mind. And although written at a time of Victorian prejudices and colonialism she writes without bias or judgement. From her beautiful and colourful descriptions one can envisage the Holy Land as it was before undergoing the process of modernisation and change. For anyone who has any attachment to this land it is a truly wonderful and personal experience to read this book.1 of 1 people found the following review helpful.
