Robert Curtis : Dominicana: A Guide for Inquirers Second Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Dominicana: A Guide for Inquirers Second Edition:

5 of 5 people found the following review helpful. Very good QA guide for prospective lay DominicansBy Rich LeonardiMr. Curtis has provided a very good QA guide for members of the laity contemplating a vocation as a Lay Dominican, aka, a Dominican Tertiary or Third Order Dominican. Covered topics include history, spirituality, practices, and charisms. To my knowledge it is the only book of its kind. Since it went to print in 2004, lay and religious Dominicans have extended their long-running surge in vocations, so the information in "Dominicana" is

more valuable than ever. The author and publishers might consider a Kindle version to get it into more hands. I deducted one star because the production value and type-setting leave a few things to be desired.0 of 0 people found the following review helpful. This book is just what I needed as I am ...By bookcrazyThis book is just what I needed as I am preparing to become a Lay Dominican. It follows along with the Southern Province's inquirer's preparation guide.0 of 0 people found the following review helpful. Five StarsBy littlewaymkThis book is easy to read and recommended for anyone discerning the vocation as a Lay Dominican.

A reference book for lay Dominicans and anyone else interested in learning about the Order of Preachers.
