Enjoyable stories and adventures!By Ron Ward - GCNCA cyclist at heart, I enjoyed reading of the adventures and people Tim and Cindie met along the way. Takes a lot of courage to pack the essentials and travel through Thailand, Cambodia and Vietnam. A good read even for non-cyclist.0 of 0 people found the following review helpful. Another Great Book !!!!By JcalkThis is another great book in the "Down

The Road" adventures. It gives you a good description of the local environment, and the trials of being a visitor in a strange land. This book follows the same high level of narration as the first two books. I hope to do some bicycle touring myself one day, if I keep reading these books it might be sooner than later. 1 of 1 people found the following review helpful. inspirational journey By Matthew Allan this book gives a very real sense of bicycle touring, Tim and Cindy do a great job of sharing the high's and low's of their journey.

"Freedom is addictive" Bicycle touring, for the Traveses, is the purest realization of a free life. Tim and Cindie travel farther outside their comfort zone than ever before. They encountered oppressive communism, thieves; and a fist fight with a drunken man in rural Vietnam. Exposure to War and Genocide were reminders of how precious life can be. Despite all this the Traveses once again were humbled by the warmth and friendliness of humanity.
