Finally a thorough guide on DubaiBy marathongirl505After buying and reading quite a few different guides, I had the pleasure to read this one, Lonely Planet's guide on Dubai. This is BY FAR the best guide on Dubai. It covers everything: History, architecture, cultural aspects, customs, as well as recommended visits in each neighborhood. It is thin and light enough to take on a trip, yet very complete and

thorough. The best buy out there for those wanting more info on Dubai. 1 of 1 people found the following review helpful. Pretty good. By N Calhoun Pretty good review book as far as they go. Normally, I buy Rick Steve's guidebooks but he only travels in Europe. From what I had to choose from, it was good. Lot's of good information about eating, travel to and fro Dubai, the sites, and also the history of Dubai. There were also some pretty good tips on taking the train and getting around in general. Also, I liked the part about the Mall. For your first trip, definitely pick this up. What is doesn't tell you however, is that most flights from leave Dubai at 1 or 2 AM so the airport is busiest then. Also, it would have been nice to know that the customs wait can be excruciatingly long because the agents are slow and generally don't give a hoot about you waiting. 3 of 3 people found the following review helpful. Terrific Book! By M. Foster This is a terrific book. I recently visited Dubai for a month and used this book constantly while I was there. There are adequate maps, an adequate index, and even highlights of adjacent emirates such as Abu Dhabi and Sharjah. I highly recommend this Lonely Planet Guide.

Discover Dubai Bargain for bling in the Gold Souq and sniff out the best scents in the Perfume Souq with our market shopping tips Travel by traditional wooden boat across Dubai Creek Sample tasty international cuisine in eateries in Deiras backstreets Take a day trip to Sharjah, Dubais culture-rich northern neighbor In This Guide: Special chapter on desert safaris and day trips to nearby villages Explore the city with our in-depth neighborhoods coverage and walking tours Content updated daily visit lonelyplanet.com/dubai for up-to-the-minute reviews, updates and traveler insights
