Purchased this map as a gift for my husband, he's an Avon native living with me in Ohio. Avon is pretty space, so there was just a lot of the brown that goes with Avon. What made the map wonderful is its nice enough to be framed, and the joy he took in pointing out where he lived, caught the school bus and he would go to hitchhike to Beaver Creek when he skipped school. Beautiful map to take him back to wonderful times growing up in a mountain town. I loved giving it to him, while it may not get it's intended use, it brings back cherished memories!

These are the perfect maps! They are detailed, waterproof and durable. I am somewhat of a map nut. I ordered this map in particular for an elk hunt in Colorado and found it to be the best of the maps I ordered.
