The distance marked from the trailhead to the Lakes is incorrect, but otherwise the map was accurate and helpful particularly in some other high country areas. 0 of 0 people found the following review helpful. Love these By COFlyfisher Another treasure map for those hidden lakes and streams! 0 of 0 people found the following review helpful. Very helpful map of central CO wilderness areas By Brian Thomas Really helpful for planning and executing backpacking trips in this area. Trails are marked and mileage is given. The material is durable and easy to fold and use. Topo lines are clear and all markings/text are easy to read.
