**Naira Matevosyan, Richard Matevosyan : Easter Island, CHILE** before purchasing it in order to gage whether or not it would be worth my time, and all praised Easter Island, CHILE:

A tiny island with lofty archeological records and stunning beauty, Rapa Nui delights with surprises. Spend a week with your exotic tourmates (Troy and Tamias) to uncover the human will-power and creativity that turned this distant volcanic prominence into a paradise in the middle of southern Pacific. Easter Island offers more than the renown monuments, the maori statues. Mountain-biking, wave-surfing, scuba-diving, shopping in the artisan markets and even in the prison, visiting numbers of beaches and volcano sites, testing the phenomenal combination of the Chilean, Italian, Belgian, and Japanese la carte cuisines are in de-rigueur. Welcome to Easter Island, a wonderland that waited so long to be discovered on the Easter Day of April 5th, 1722.
