A great addition to kayak building books By LouA must have book for the kayak enthusiasts that want to look beyond the sport, into its origins in the Inuit culture. A great addition to kayak building books, with lots of interesting details about kayak construction and use. 0 of 0 people found the following review helpful. Excellent Book By HDI recently purchased this book in tandem with "Building the Greenland Kayak". What a beautiful and informative book. The pictures are clearly reproduced and the text is clear and informative. Anybody interested in the subject of traditional skin-on-frame kayaks will find this book a useful addition to their library. 0 of 0 people found the following review helpful. Five Stars By paulina salemi Excellent
