Small enough that I carried it in my handbag the whole time I was in Armenia. There were only a couple of minor corrections made by my Eastern Armenian friends on a few words. Highly recommend. 0 of 0 people found the following review helpful. Eastern Armenian Phrase Book By Herbert A. Schiff Well done and very helpful. Organization is good and most phrases listed will get you through the country without too much trouble. 1 of 1 people found the following review helpful. Helpful but has mistakes By cartis I found this dictionary and phrasebook quite helpful for basic purposes. But in asking my Armenian friend (speaks Eastern Armenian as her first language) for help, she was saying some of the things in the book (mostly grammatical items) were incorrect. Then I didn't know which things I could trust as accurate.

This 32-chapter phrasebook includes over 3,000 dictionary entries and covers topics such as shopping, travel, and healthcare for the Eastern Armenian language. This book also includes a concise grammar and pronunciation section.
