Thomas Cook Publishing : Eastern European 12 Language Phrasebook (Bulgarian, Croatian, Czech, Estonian, Hungarian, Latvian, Lithuanian, Polish, Romanian, Russian, Slovenian and Ukrainian)(Phrasebooks S.) before purchasing it in order to gage whether or not it would be worth my time, and all praised Eastern European 12 Language Phrasebook (Bulgarian, Croatian, Czech, Estonian, Hungarian, Latvian, Lithuanian, Polish, Romanian, Russian, Slovenian and Ukrainian)(Phrasebooks S.):

0 of 0 people found the following review helpful. Pretty good, given its size. By Michael Church Well-organized list of phrases in twelve languages. It would be ideal for a trip through several different countries in eastern and central Europe, but if you were going to spend any serious time in a single country, you would want more. It has the drawbacks common to all phrasebooks -- the phrases may not be the ones you actually need. Because this one is so compact, there is no room for glossaries or any advice on customs or grammar. Still, it has a lot of phrases in a compact, easy-to-use package. I bought this for a short trip to Romania, where I socialized largely with Hungarian speakers. Didn't need it urgently, and so rarely tested it "under fire" -- doctor, train connections, etc. But it helped me learn a few basic phrases in two different languages at the same time, which allowed me to at least seem polite. (Of course, I kept using Romanian phrases among Hungarians and vice-versa, which defeated the purpose a little, but that's not the book's fault!) 0 of 0 people found the following review helpful. Good for Beginners/Travellers By Hunyadi Good overall start to learning the 12 languages demonstrated in the book. This book is beneficial to travellers headed off to Eastern Europe. 2 of 2 people found the following review helpful. Point to it! By George, M.A. This is a quick way to make your needs known as you travel through a number of countries which speak other languages especially Latvian, Estonian, Lithuanian and 9 others. The basic transliteration used in the book is the same throughout the book. Familiarity of the basic outline of the 350 phrases should be done, some of which are compounded therefore you have to count the words to point to the correct one. I don't know if an audio transcript has ever been done of the book-it would be useful! The book is pocket size and fits into the back pocket of my jeans. You may want to use a removeable tab to the language in demand for easier use

Providing an essential bridge to communication, this handy phrasebook is an essential companion to any traveller. It covers a range of travel needs, from arranging accommodation and using public transport to meeting people and eating and drinking. Information to the language and technical language hints | Features a new invaluable menu decoder for every language | Side-indexed for ease of use | Includes helpful language map

From the Back Cover For many thousands of people who travel around Eastern Europe each year, this handy phrasebook provides an essential bridge to communication. It is packed with over 350 phrases, each translated into twelve Eastern European languages with phonetic spellings for ease of pronunciation. Phrases cover a comprehensive range of travel needs, such as arranging accommodation, eating and drinking, using public transport, changing money, meeting people, coping in an emergency and much more. Each language section contains an informative introduction and is side-indexed for ease of use. A vital component of any Eastern European tour.
