Basic Phrases for Everyday Use (Dover Language Guides Italian):

Since the target readership probably knows very little about the Italian Language (that would be people like me), the most commonly used words and short phrases (like "Thank you" or "Please" or "Where is . . . ?" should be listed first, and serious thought given to how buyers might need to use the book. It contains rather a lot of conversational material that is not likely to be needed or used by tourists. If your need is for basic words and phrases to help you get information or communicate briefly, you can probably find a better thought-out book. On the positive side, the price is excellent.0 of 0 people found the following review helpful. Self ExplanatoryBy jVery basic phrases that help you communicate. I like that the sections are categorized by specific topics/themes. Quick and to the point.0 of 0 people found the following review helpful. So-so buyBy VictoriaToo generic.
