Useful add on to the text book By Sen This book is to be used in conjunction with the textbook 1, it has comprehensive character writing and different modes of exercises for students to learn the materials better. If your school can afford these I'd get one for each student, other wise scanning and printing isn't a bad option either. I recommend it with the teacher's book too if you are teacher! 0 of 1 people found the following review helpful. Good workbook By JM D. My son was learning for the book, it was not used completely. It is a good workbook people should buy it. 0 of 3 people found the following review helpful. I still waiting for my books

until today! When I can get my books?--It's One month and two weeks now!By davidy zhaoI still waiting for my books until today! When I can get my books?--It's One month and two weeks now! Send the books to ASAP!Is that you want to trick my money?Is that the way you tricking people's money like that--Always?

These are the companion workbooks for the Easy Steps to Chinese series. The workbooks include the exercises of practicing Pinyin and strokes, recognizing and writing Chinese characters, reading comprehension, writing dialogues based on illustrations, matching words with illustrations or English, and more. Great companion books to enhance students' learning experiences.
