The map is small, compact and is easy to fold.. Smaller than I expected - my fault, I'm sure the dimensions are listed. I wish I had gotten the standard paper map. NOTE: Prime arrived in four days. Not the two days promised. Another late delivery which is becoming the norm.Con: Type is small.Does not show railroads.It cannot be read while driving. The type is too small.Pro: I think I can write on it with an erasable marker.0 of 0 people found the following review helpful. Great product!!By S. HibdonGreat map series. I highly recommend any state map of this type! For one that uses good old fashion paper maps, this product is for you.I also use these to confirm what my GPS says! Nothing like redundancy!! I have used the free state maps you get from welcome centers or other venues when travelling had problems with them tearing along the folds or simply wearing out. This eliminates this problem. These maps should last indefinitely with the economy tanking, I don't expect any radical changes or many new hwys to be built in the near future. However should there be new highways, these maps could easily be drawn on with any marker to modify the map. Great product well worth the \$\$!0 of 0 people found the following review helpful. Spillproof, accurate and fun!By Madeline R.I am really old-school about "real maps". I bought them for the entire Midwest and all southern states when we moved to Chicago from the west five years ago and have been using them on road trips ever since. When our family went to a drive-through coffee establishment early one morning this spring break in eastern Kansas, our barista said, "I remember maps! Where are you going? Don't you have a smart phone?" In fact, the three of us had four of them between us, but if you want to get a real sense of the distance between places then a "real map" is the ne plus ultra. I placed six of these RM maps border-to-border on a hotel bed our first night of a 2,150 mile journey looking at colleges and our son finally appreciated (if not the effort we were making on his behalf, then at least) the journey he'd be making to and from Chicago to the college of his choice. Happy Travels!
