I won't buy another version of these "Easy to Fold" ...By CustomerI won't buy another version of these "Easy to Fold" maps as there just aren't enough details in the smaller size compared to a regular paper road maps. I wanted to use it in my tank bag on a motorcycle trip. It was too crowded and small to use as I looked down while riding. I switched to a full size paper road map.4 of 4 people found the following review helpful. would not buy again.By carl Dixdidn't like the way it was cut up in small sections then laminated to gather. would have not purchased if I knew it was that way. have purchased laminated in the past was not all cut up. it was all in one piece. worked just fine.0 of 0 people found the following review helpful.
