This situation came up last year, I couldn't find a New Mexico map in any of the convenience stores... had to go on my gut instinct and ended up adding over an hour to my trip. Let me just say, the east side of New Mexico is semi-desolate!1 of 1 people found the following review helpful. FINALLY! Map makers got smart.By LacelleThis is one of those great ideas when it comes to maps. The map is in sections, so no more folding, refolding, tearing, or cussing. It has a nice finish so you can mark your route, then wipe it clean when you are finished. The other side shows the entire state with easy to read and follow legends.5 of 5 people found the following review helpful. Not helpful at all.By BlancaVictoriaI bought it because of all the good reviews. I liked the size and lamination but, most importantly, we couldn't rely on it since there were not enough road details. It was not useful at all during our week in Santa Fe. I would not recommend it.

The durable and convenient New Mexico EasyToFold state map will take all the wear and tear your journey can dish out. The heavy-duty laminated design allows you to mark your route, make notes, then wipe the surface clean for further use. This is a must-have for navigation whether you're a state resident or just passing through. Easy to fold means no fumbling Heavy-duty lamination allows you to write on, wipe off Durable and tear resistant Folds to display individual map sections Full-color maps with enhanced cartography Clearly indicated highways, county boundaries, points of interest, and more Quick-reference legend and city indexProduct DetailsDimensions: 9" x 4.25" folded; 18" x 17" unfolded.
