There's always the possibility that my phone dies, backup batteries don't work and the cigarette lighter fails. It's good to have these just in case.What's great about this map is that it's laminated so you don't have to worry about your map tearing itself apart.I recommend it!

I flattened it and put it on the bulletin board for several months. When I took it down it did folded reluctantly. I put a good sized dictionary on top of it for a day and it is back in the file folder until next year. :)It's a good map, clear, easy to read.
