By ReaderGreat detail, very good map. Wish I had paid attention to where it shipped from. I live in Virginia, planned for a North Carolina vacation and needed an up to date map. This was advertised as least expensive and free shipping, I wish I had paid attention to the fact that it's being shipped from England. I made my purchase a week before my planned vacation, this map arrived by mail a week after I returned from vacation. Great map, but next time I will look for a map that I can get in a more timely manner.

By GrandjanWe were attending a granddaughter's wedding in North Carolina. The map was just what we needed to find the quickest way from Ohio to the city in N.C. It's large, the highways are clearly marked and easy to see, and the insets are very helpful. I simply highlighted our route. Once we were near the town, I asked my smart phone to lead us to the hotel - which it did. I know I could have used the map app on my phone, but having a large, tangible map handy gives me a broader visual of our progress and bearings.
