Rand McNally : Easy To Read: Ohio State Map (Rand McNally Easy to Read!) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Easy To Read: Ohio State Map (Rand McNally Easy to Read!):

0 of 0 people found the following review helpful. Great! By Elaine Woodford Exactly what I wanted and needed. Nothing wrong with an old-fashioned paper map. For my purposes (I have no smart phone), I love being able to see all the details in a map. Smart phone screen would be too small for me. I do have a GPS, and sometimes it's what I need, as I drive, but you know they aren't always perfect. But I love this map so I can see the entire state and all the details! 3 of 3 people found the following review helpful. Great map. but needed more detail By Tactfulcoyote01 this is a very good map. im going to get it laminated so i dont have to worry about water damage if and when i have to use this map. its great by focusing on heavily populated areas like Cleveland, Dayton, and Toledo and ect. the only ding i found with this map is that it mainly focuses on roads. it is very simple to read which is a plus but i was looking for something a little more detailed to use in my BOB. so i have to mark my own locations on the map of near by water sources, food, gas, and other survival locations. overall great map! 4 of 4 people found the following review helpful. Northern Ohio on one side of map and Southern Ohio on the other side. By Karina J. Ritchie I would have preferred the entire state to be on one side of the map.
