Rob Rachowiecki, Mark Thurber : Ecuador, 5th: Climbing Hiking before purchasing it in order to gage whether or not it would be worth my time, and all praised Ecuador, 5th: Climbing Hiking:

Ecuador's mountains and volcanoes have drawn climbers and hikers for decades. Since 1984 Bradt has been guiding them to the snow-capped summits of such giants as Cotopaxi and Chimborazo and down through the cloud forests to the Amazon basin. Extreme adventure is provided by routes up Ecuador's most challenging rock-faces, while leisurely walks take visitors through highland villages where the colorful local people follow centuries-old agricultural practices. The usual Bradt attention to natural history and local culture makes this a guide not just for trekkers but for all travelers.
