**Luke Waterson : Ecuador and Galapagos (Insight Guides)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Ecuador and Galapagos (Insight Guides):

1 of 1 people found the following review helpful. The book liked nice and it arrived in a timely manner By Hebdo The book liked nice and it arrived in a timely manner. However the book was clearly used. Used is fine by me but a crucial chapter about Quito, the capital of the place, had been removed. Ok so I ask for a refund, but who pays to ship? I do??? the item was falsely advertised. 4 of 4 people found the following review helpful. Fantastic pictures, a bit thin on content. By Doris P. This is a fantastic picture book that will give you a clear sense of Ecuadorian culture and the sights

you have to look forward to. My husband is very visual and really enjoyed being able to browse through this to help with our planning. It really made us excited about the trip. However, I think it is a little bit thin on actual content. The recommendations were good, but I didn't feel that I was getting a good representation of what was really available, especially related to lodging, transportation, etc. I will say that it worked beautifully as a companion to another, content heavy, tour book. 0 of 0 people found the following review helpful. Thorough overview of the country By fitness nut Complete, touching on all aspects of the country from ancient history to present day culture and politics; fun to read. Good maps, except for the ones inside the covers, which have light gray print that is hard to read. Well indexed. Very heavy in weight for a book to take along while traveling,

Insight Guide Ecuador and the Galpagos is an indispensable guide to a land of epic scenery, astonishing wildlife and fascinating cultural diversity, accompanied by stunning travel photography. Be inspired by our Best of Ecuador section highlighting unmissable sights and experiences and lavish Photo Features on textiles, colonial architecture and the unique Galpagos birdlife. With a longer and more in-depth history and culture section than its competitors, this travel guide provides an essential introduction to Ecuador's ancient civilizations, colonial history and contemporary politics and environmental issues. The informative text, written by regional experts, is a pleasure to read. A detailed Places section, with full-color maps, guides you around the regions that make up this small but varied country, from the highlands to the tropical Oriente region and the Pacific coastline to the Galpagos Islands. A comprehensive Travel Tips section gives you all the travel advice you need to plan your trip. The selective listings for hotels and restaurants are the personal recommendations of a regional specialist.
