**Elisabeth Sanz : Ecuador and the Galapagos islands travel guide** before purchasing it in order to gage whether or not it would be worth my time, and all praised Ecuador and the Galapagos islands travel guide:

3 of 4 people found the following review helpful. The people that gave this anything above a1 are either family or paid!By Jack StevensFirst it is not a book it's a brochure at best. The author writes like a high school student doing a paper on Ecuador. For gods sake use a grammar book and spell check. This is with out a doubt the worst piece of

nonsense calling its self a book I have ever read. When I was seven I purchased a insect killer guaranteed to kill even the biggest bugs from the back of a comic book. When it arrived I opened it with great expectations only to find two small blocks of wood with the instructions to place insect on one block and smash with the other. This is worse. Read the reviews and you will see the same poor grammar. I suspect the author is not a native English speaker and neither are her friends who reviewed this book. I will send the book back DO NOT waste your time or money. 0 of 0 people found the following review helpful. Short on detail By Howard I McDevitt I read the entire book cover to cover in an hour. A good overview but not enough detail to be your only guidebook if you plan on visiting Ecuador. 2 of 3 people found the following review helpful. Interesting, but not a travel guide in the traditional sense By Brigid Cahalan This book is short--took me maybe 45 minutes to read completely, so it's not really in the same category with more conventional travel guides. That said, it does give a brief and interesting history of Ecuador in the beginning, and good tips on preparing for a trip to the Galapagos Islands, and/or other parts of Ecuador. The author also suggests a number of places off the beaten path worth visiting, perhaps in lieu of the more popular tourist spots. I get the feeling the author's native language is not English; though her writing style is charming, a read-through by a native speaker would have caught a number of mistakes. Verdict: worth the few \$\$\$ it cost!

Venture into a World Unknown with this Ecuador Travel Guide! Today only, get this Amazon bestseller for just \$7.97 Regularly priced at \$24.99. Read on your PC, Mac, smart phone, tablet or Kindle device. Now including a Bonus Section right after the Conclusion! Grab Your Copy Today!
