ITMB Publishing Ltd. : Egypt and Saudi Arabia Map Pack before purchasing it in order to gauge whether or not it would be worth my time, and all praised Egypt and Saudi Arabia Map Pack:

ITMB is pleased to announce the release of our most recent map pack bundling, this time of Egypt and Saudi Arabia . This Map Pack has a value of \$39 if purchased separately, and a packaged price of \$24.95 if purchased in this bundle. The maps are all current editions, conveniently grouped together in a transparent plastic bag with a new cover, showing the covers of the three maps. Egypt Travel Reference Map 1st Ed., 1:1,650,000 scale, waterproof. This is our first country map of an African travel destination, and originated with a visit Lan and I made to Egypt. Although maps of the country were available in Europe, we could not find locally produced maps, nor were any of the maps we had from Europe up to date. This is a double sided map, with the entire vast country on one side, and one more detailed map of the Nile River Valley (from the delta's mouth to Luxor) on the other side. Basic inset maps of Alexandria are included. Cairo and Nile Delta Travel Reference Map 1: 12,500/1: 700,000 2nd Ed., 1: 12,500/1: 700,000 scale. This is a significant re working of our Cairo Map, printed double sided, showing a lot of infrastructure improvements and adding rapid transit lines. The real change, however, is the inclusion on the second side of a fully detailed map of the Nile River from its wide delta to Cairo, where it narrows into the historic narrow band of green southward as far as Luxor. All known historic sites of ancient Egypt are included. The map area also includes the Suez Canal, the Gulf of Suez, and the western part of the Sinai. Saudi Arabia Kuwait 2nd Ed. 2014. This is a double-sided map, covering the Saudi peninsula, with the major oil-producing country of Saudi Arabia on one side and the much smaller but also significant oil producing country of Kuwait just to its north. By the shape of the two countries, portions of Qatar, Dubai, Muscat, Iraq, and Yemen necessarily are included, with the same attention to detail. Inset maps of Riyadh and Kuwait City are included. The peninsula is not only immensely wealthy, it is the heart of what we call the 'Middle East', vying for religious, political, and economic dominance of the region with Iran and Turkey. * Please note to all retailers and distributors, this product is NOT subject to Return or Exchange. It is well packed and should be sold as a bundle package to customers. As with other map packs that ITMB has produced, this offer is available to individuals, libraries, retailers and distributors. Regrettably, due to the deep discounts inherent in such an offer, this Map Pack is not returnable. Value \$39 for \$24.95
