Lonely Planet : Egyptian Arabic (Lonely Planet Phrasebooks) before purchasing it in order to gage whether or not it would be worth my time, and all praised Egyptian Arabic (Lonely Planet Phrasebooks):

The only issue I had was the small type size. I'm 70 years old with failing eyesight. I would have preferred larger type (12 pt), even at the expense of leaving off some subject matter. This is much more than the casual tourist needs. 0 of 0 people found the following review helpful. great gift for travellers By Observe_the_cat! I gave this to my husband for his study abroad program in

Egypt. He went to study Arabic, and Egyptian Arabic is different from standard Arabic, he tells me. I love the Lonely Planet phrasebooks because they are easy references - portable and informative. All the LP phrasebooks follow the same standard format. They include the basics (with English phonetic pronunciation) like numbers, foods, hotel issues, but also some fun phrases like pick up lines. This isn't a book for a language newbie, per se, but better used as a reference for someone with prior exposure. While words could be useful for newbies, the phrases wouldn't be useful at all. 0 of 0 people found the following review helpful. So useful! By Xavmonhu I love it! Thank you so much. Told my friends about this and they will be buying this as well. It's so convenient and easy to take anywhere!
