**Pablo Navas Sanz de Santamaria : El viaje de Frederic Edwin Church: por Colombia y Ecuador abril-octubre de 1853 (Spanish Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised El viaje de Frederic Edwin Church: por Colombia y Ecuador abril-octubre de 1853 (Spanish Edition):

Chronicling the journeys of the Hudson River School member Frederic Edwin Church, this illustrated guide features works from his travels to some of the most exotic and remote places in Colombia and Ecuador during the second half of the 19th century. This valiant testimony to Colombian and Ecuadorian lifestyles, customs, and geography compiles many of Church's sketches and drawings that are now part of the Cooper-Hewitt Museum in New York City.
