L. P. Elwell-Sutton : Elementary Persian Grammar before purchasing it in order to gauge whether or not it would be worth my time, and all praised Elementary Persian Grammar:

0 of 0 people found the following review helpful. Overall good, problematic politics and needs basic phrases earlier By T.R. Salsman This book is a good text for learning Persian. However, it has Very pro-pahlavi politics that makes it less than ideal for understanding Persian culture and it is sorely in need of a chapter near the beginning on basic vocabulary for daily use. One of the best ways to learn is to do, and this text doesn't give you the tools to do until some ways in. 0

of 0 people found the following review helpful. Very happy with my purchaseBy MVery fast customer service response. Item in exact condition as described.. even better than I expected. Thank you.0 of 0 people found the following review helpful. Good study manualBy GuerryThe information in this book is presented in a clear manner that is easier to understand than some of the other Persian grammar books. I am using Rosetta Stone to learn farsi but wanted some written material to go along with Rosetta Stone.. this book is helpful.

Mr Elwell-Sutton's book provides a simple grammatical framework for contemporary written Persian. It is based on the characteristic idiom and phraseology of the language as it is used in newspapers, magazines and novels. The student is introduced to Persian script from the first lesson. Words are fully vocalized in the early lessons, but vowels are progressively discarded; they are, however, shown in the vocabulary. The letter-forms of printed Persian are used cursive scripts. Although the structure of the language is Mr Elwell-Sutton's immediate concern, he has given close attention to the need for acquiring a workable vocabulary. The examples and exercises thus require only a limited vocabulary of words in fairly common use - about 1500 in all. The student is also given help with pronunciation; at the ends of lessons sample sentences from the exercises are printed with diacritics showing the intonation and stress of each syllable. At the end of the book there is a key to the lessons.
