**Center for Applied Linguistics : English-Khmer Phrasebook with Useful Wordlist: (For Cambodians)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised English-Khmer Phrasebook with Useful Wordlist: (For Cambodians):

0 of 0 people found the following review helpful. Delighted the Recipients By PK 171I bought this little book as a gift

for some Cambodian friends in town who cannot speak English. They were delighted to get it. The only problem was that they reported the next day that the writing is too small for them to read comfortably. 0 of 0 people found the following review helpful. Like a Bible! By Chagoot Gardner I own this book, and if you use it together with Tuttle's little Cambodian/English dictionary, you will eventually learn to read some Cambodian. I did and I'm not that bright. Like another reviewer, I couldn't read it at first, but I kept at it, and can cover the English now and read most of the Cambodian. This is the book I use to help my friends who are Chinese (CAL Blue book) Vietnamese (CAL Orange book) learn English as well. If you are going to Cambodia, or Lowell, Ma or Long Beach, CA, you can ask the neighbors to help you with pronunciation. It's a good book, and good luck! 10 of 11 people found the following review helpful. For Cambodians By C. Greeley I was unaware that this book was for Cambodians. As a relief worker going to Cambodia for a month, I was looking for a good book to take to get me by. The sub-title on the book itself, and not online, is "(for Cambodians)". It would have been nice to know before I bought it. I can not really rate the content of the book as I can not read it. Pity.
