Automapa : Entre Rios Province Map, Argentina (Spanish Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Entre Rios Province Map, Argentina (Spanish Edition):

0 of 0 people found the following review helpful. Fine Map - expensiveBy Jim FicklinIt's a nice detailed map on good paper with coating. Seems a little pricey, though. I'll know more after I try to use it on actual roads in Argentina.

Travel map of the province; with city map of Parana. Shows roads from highways to unpaved roads; distances in kilometers. Also cities, towns, and other settlements; national parks; airports and landing strips; cattle ranches. With guide to lodging. Printed on one side. Main map scale 1:530,000. Bilingual: Spanish and English.

About the AuthorAutoMapa, a well-respected publisher of maps in Argentina, is also a best-known brand of maps of the country distributed abroad. Their city, province, and region maps are easy to read and very popular; a fine example of mapping as a universal language. Each map in the series is updated every two years.
