Joe Berardi has updated his Escalante Slot Canyon Atlas. The Escalante River 2015 Canyon Atlas: Utah Slot Canyons has been updated for 2015 with more and better topographical maps. This atlas is a comprehensive compilation of topographical maps that are needed by any hiker attempting to hike the remote and rugged slot canyons of the Grand Staircase Escalante National Monument region. The custom detailed maps make finding and hiking these great slot canyons much easier and the maps have key GPS coordinates for finding the trailheads or the canyon entrances. This book of maps eliminates the anxiety of trial and error hiking to find some of the best slot canyon adventures in the United States. This atlas eliminates the need to buy multiple 7.5x7.5 quad maps for a single hike and pays for itself by

not having to buy multiple high resolution maps. The author has wrestled with large maps on a windy day and has produced an atlas that is a pleasure to use out on the trail. The featured canyons in this book are: Big Horn Canyon, Brimstone Gulch, Dry Fork of Coyote Gulch, Egypt Canyons, Escalante Ravine, Harris Wash, Little Death Hollow, Neon Canyon, Peek-a-boo Gulch, Red Breaks, Spencer Canyon, Spooky Gulch, Tunnel Slot and Zebra Slot. This book makes an excellent map supplement to the authors Slot Canyon Hikes Adventures 3rd Edition book and "Utah Slot Canyons" or any other hiking books for this area.
